

Parents,

In the spring, RBMS students will take the Georgia Milestones Assessment. Your child may begin practicing now for the End of Grade (EOG) assessment. The primary purpose of the practice test is to let students experience what online testing is like. The practice test will also familiarize students with the format of the assessment and the online tools they will have access to during the EOG. The practice is not graded and students may sign in as many times as needed. Follow the directions below to begin practicing:
