

Parents: Register to view your child's activity

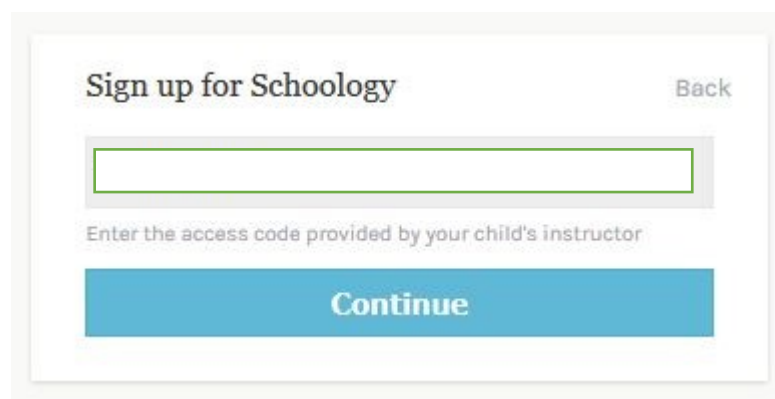

1. In your browser, navigate to www.schoolology.com.
2. In the top right corner of the screen, hover over **Sign Up**.

3. Select **Parent** from the options in the drop-down menu.

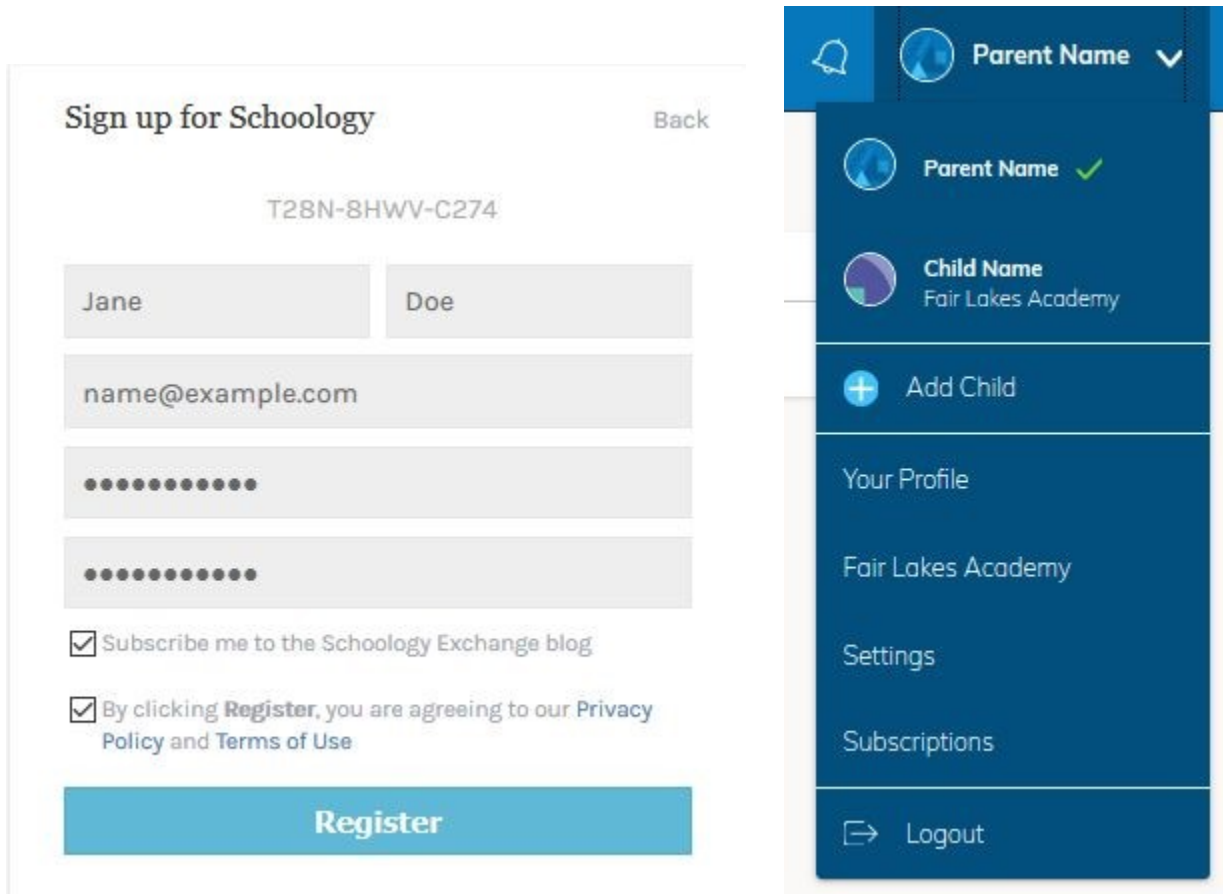

4. You should have received a Parent Access Code from your child's school, in the format XXXX-XXXX-XXX. Enter that code here:

The screenshot shows the 'Sign up for Schoolology' page with a 'Back' link in the top right. Below the heading, there is a text input field with a green border. Below the input field, there is a prompt: 'Enter the access code provided by your child's instructor'. At the bottom, there is a blue 'Continue' button.

5. Enter your name, email address, and password. Once you log in, you'll be able to browse your child's activity by clicking the arrow to the right of your name and selecting your child's name from the top right drop-down menu:

6. You also have the option to associate additional children using Schoolology with this account. To associate additional children, click the down-facing arrow in the top right of your Schoolology account, select **Add Child**, and enter the Parent Access Code of your other child/children.

Now that you've successfully registered for Schoolology to view your child(ren)'s activity, check out our [Parent Guide](#) in the Help Center: support.schoolology.com.
